

ARE YOU GMP COMPLIANT?

Introducing Our New End-Life Verification Service for Milliflex[®] and Steritest[™] Pumps, M Air T[®], MAS and RCS[®] Air Sampling Systems

You rely upon accurate results from your equipment throughout its lifetime: as required by GLP 21 CFR 58.63 (FDA), USP <1058> and EU GMP vol. 4, 3.41.

- Are you sure that you have it under control until the end?
- Are you currently checking your equipment prior to decommissioning?
- How are you documenting the decommissioning test performance?

Discover our NEW End-Life verification service!

We can verify your equipment at our repair center in Burlington, MA. At the end of the service you'll receive a performance report including as found data for your equipment.

For more information, please contact your local sales representative.
